Provisional Program
2021 Research Forum Online Series:
Featured Research Presentation for May

Section 81 of Republic Act No. 9165 mandates the conduct of policy studies, program monitoring and evaluations, and other research initiatives on drug prevention and control, and enforcement.

Research is an integral part of the anti-drug campaign as it enables the Board to draft policies and regulations that are timely and effective. As the lead policymaking and strategy formulating body on drug prevention and control, the Dangerous Drugs Board spearheads the conduct of the 2021 Research Forum on Drug Abuse Prevention and Control.

The Research Forum shall provide an avenue for cooperative research and exchange of scientific information of researchers in the field of drug prevention and control. The research forum shall also highlight the existing researches of the Dangerous Drugs Board including the 2019 National Household Survey on the Patterns and Trends of Drug Abuse in the Philippines.

May 2021 will highlight researches related to the education sector, as well as a sectoral information session on the 2019 National Household Survey on the Patterns and Trends of Drug Abuse for educational institutions. The Research Forum shall include network building activities and a series of research symposiums on the studies and researches of the Dangerous Drugs Board as well as other related researches on drug abuse prevention and control from different sectors and institutions. A call for research proposals for presentation during the event shall be part of the process of selection.

The Research Forum Online Series aims to share scientific information of researches in the field of drug prevention and control. The monthly research forum online series shall also highlight the existing researches of the Dangerous Drugs Board, and shall feature anti-drug related researches and studies.
